On the threshold of the terror of extermination camps, where the wardens were torturing and assassinating with academic degrees and even Ph.Ds, a group of friends – Jewish and Catholic, three women and one man- would meet to hear the stirring voice of that Mystika/ Mysterion coming from the depth within.

And from that Heaven inside us –as **Lord Jesus** would say-, from that Brahman at the core of our Atman –as **Sri Shankaracharya** would say-, **the message of that Mysterion or Mystika would stay for generations to come to open the doors of a new world that lies inside each one of us:**

- “ Be born, my child,  
It is already possible.  
There is a thread linking  
the old existence to the new one.  
Cut it, infant, free yourself.  
Here, you are One with Him,  
Here, you are Yourself.  
What is empty, will be filled.  
He who he seeks, will find.

The stone has been raised  
towards the sky,  
And Life has been trodden.  
It is not what He has taught.  
The stone will be thrown down,  
And Life will be raised.  
Every Cathedral becomes a grave  
If we only announce the Word.  
After the message of Joy,  
Reality must come.

Rejoice, you are men!  
You will become MAN.  
Your task is to accomplish  
this degree of being.

In the depth of the heart,  
The dawn is raising.  
Inside, we can already see it.  
Outside, you only see the suffering  
of the Earth.  
There is only one suffering:  
To be outside.

There is darkness only outside.  
There is death only outside.  
It is inside that there is Life.

Our task is the New World.  
You must know  
what is your destiny.  
To recognize your task  
Is to see  
In its purity your individuality.  
You do what you must do:  
You transform yourself.  
If you transform yourself,  
Matter also  
Has to transform itself.

Joy is the sign.  
Joy is the air of the new world.  
What is peace?  
It is not the pause  
between two wars.  
Peace has never existed,  
but it will be.  
It does not look like anything old.  
Peace is the new vibration.  
Joy is infinite.

What is Nirvana?  
There where two become One.  
There where the parallels join.”

Quotations from one of the most beautiful, profound and inspirational books in the history of mankind: **“Die Antwort der Engel”**, in the special German version presented by **Gitta Mallasz** and published by Daimon Verlag in Einsiedeln, Switzerland.

It has been translated into French as “Dialogues avec l’Ange” by Aubier, into Spanish as “La respuesta del Angel” by Sirio, and into English as “Talking with Angels” by Daimon Verlag. The original Hungarian text was also published by Daimon Verlag.

Our international campuses will adopt the famous saying of the great sage from French Renaissance, **Michel de Montaigne**:

**“Science sans conscience n'est que ruine de l' âme.”**  
**(Science without conscience is but the ruin of the soul).**

At the same time, our campuses will follow the most profound mantra from **Upanishads and Vedanta**:

**“Tat Vam Asi.”**  
**(You are That).**

Something that can never be imposed from outside –unlike the dogmas of human organizations-; as **Socrates** taught, in total coherence with the discourses of **Buddha**, it can only be discovered by ourselves within ourselves. For this, we will also adopt the immortal saying inscribed on **the Temple of Delphos in Greece**:

**“Know yourself, and you will know the universe and the Gods”.**

So that, as **the Buddhist Sutras** would suggest, all the beings can be happy and live in harmony, peace and unity.

Something that is at the core of the ancient **Vedas** from India already:

**“Loka Samasta Sukhino Bhavantu.”**  
**(Let all the beings from all the worlds be happy).**

Something that is renewed thousands of years later by **Sri Sathya Sai Baba**:

**“True education is that which directs and counsels the mind and intellect of man towards the earning of pure happiness.”**

**AUM SRI SAI RAM**
